# About us

Learning Disability Wales is an organisation that has members.

Our members are charities and organisations who work with:

- people with a learning disability and
- their families in Wales.

They do not make money.

We want Wales to be the best country in the world for people with a learning disability to live, learn, love and work.

To do this, we work with:

- People with a learning disability.

- Families and carers.

Llywodraeth Cymru  
Welsh Government

- Welsh Government.

- Local authorities.

- Disabled people's organisations.

# How we want the new Welsh Parliament to support our work

1. Make sure people with a learning disability can find information that is easy to read and understand. Like Easy Read.

2. Support the Stolen Lives campaign. To get people with a learning disability out of mental health hospitals and back into their communities.

3. Help people with a learning disability get jobs. By making sure they can have a job coach and supported employment if they need it.

**4. Make sure more people with a learning disability have a good annual health check.**

**5. Give parents with a learning disability better support. So that they can look after their children safely.**

**6. Make sure people with a learning disability can have friends and relationships. Make it easier for them to go out in their local communities when they want to.**

**7. Make sure organisations that work with people with a learning disability and their families have enough money to give good support.**

**8. Support the All Wales People First manifesto.**
