All in this together

**“Co-production is too expensive.”
Discuss.**

Noreen Blanluet

Co-production Network for Wales

What are we talking about?

5 co-production principles

people centred

work across silos

outcomes focused

trusted relationships

from delivering to enabling

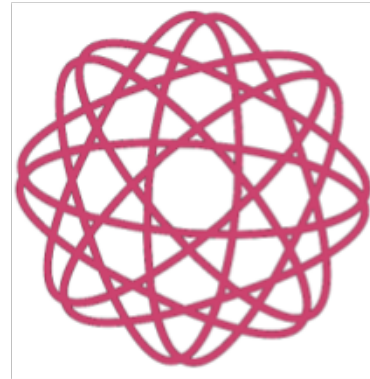

Co-production solves “wicked problems”

simple

complicated

complex

Co-production solves “wicked problems”

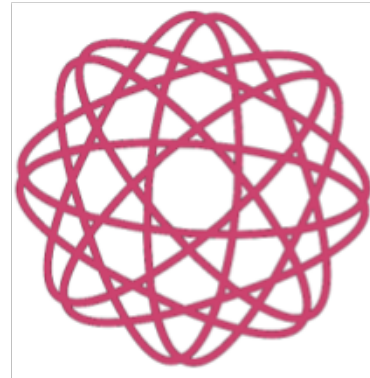

simple

“tame” problems
predictable cause + effect

complicated

complex

“wicked” problems

Co-production solves “wicked problems”

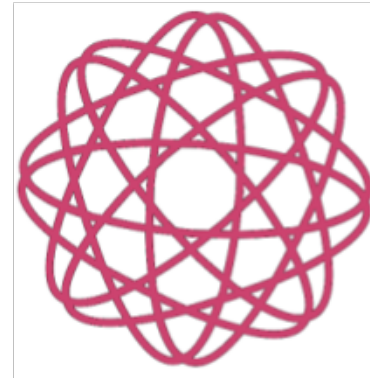

simple

“tame” problems
predictable cause + effect

complicated

complex

“wicked” problems

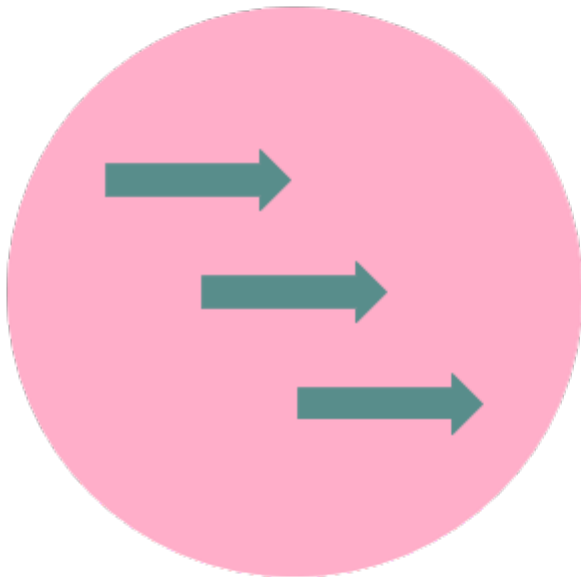

crisis

emergency

(Beware of being reductive)

an overall complex process...

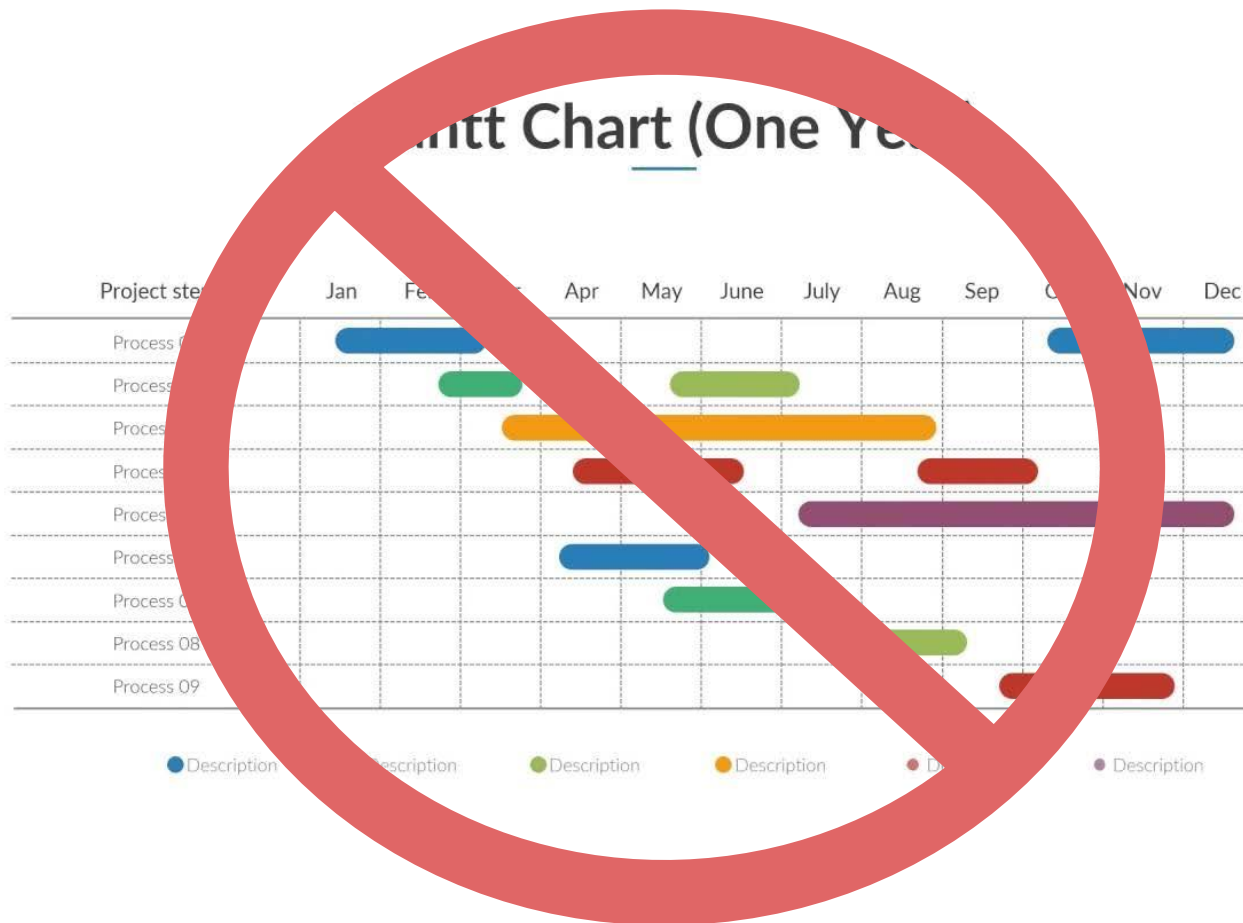

can have complicated parts

an overall linear process...

can have complex parts

Planning / investment / risk

Together, We Create!

People's lives are not linear

doing to

doing for

doing with

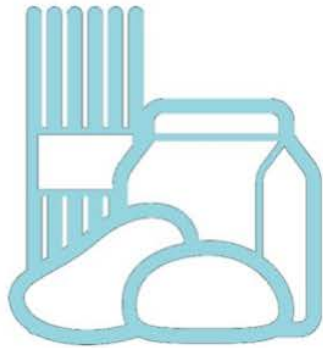

+ right dosage +

- disempowering -

+ people +

- system -

Focus on the outcomes

inputs

activities

outputs

outcomes

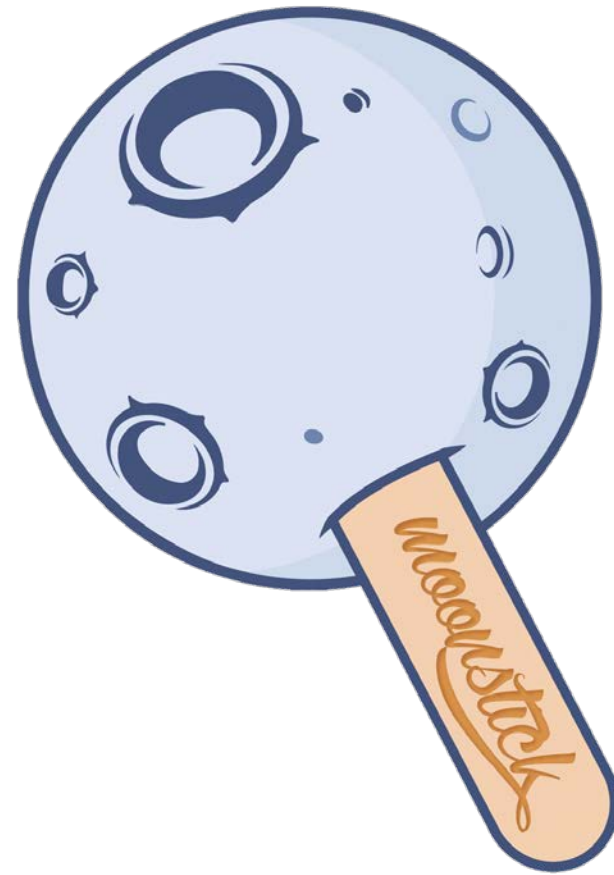

Co-commissioning

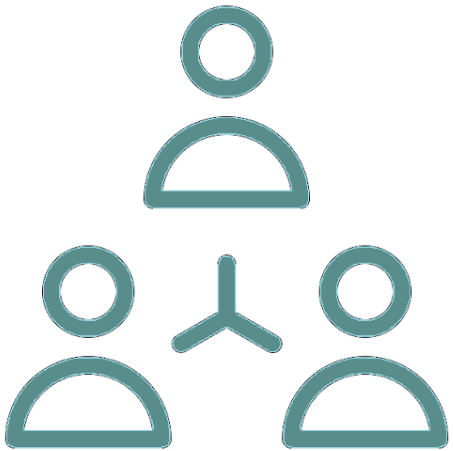

Co-design

Co-delivery

Co-evaluation

What if...?

Challenges... and opportunities

- “Coprobabble”
- Risk aversion
- Delivery pressures
- Lack of ownership
- Resourcing
- Time pressures
- Difficult conversations
- Protectionism
- Values (power!)
- Service design thinking
- Deliver + redesign
- Culture is everyone
- Commitment
- Set it up right
- Courage leads to trust
- Openness & humility
